## Serondela Lodge

Chobe river - Namibia

**DESCRIPTION:** Situated on the Namibian banks of the Chobe river, Serondela Lodge is facing the world renowned Chobe National Park. This will ensure all year round close encounters with free roaming wildlife to our guest. The 8 rooms situated facing the river will enjoy spectacular views with endless photographic opportunities.

Just 17km from Kasane but far enough to ensure exclusivity the guest will be part of the positive impact of sustainable tourism on this incredibly beautiful area which is situated within a very dynamic conservancy.

The Lodge have in place a contract between the Kabulabula conservancy and the Micheletti family who already operate 2 other lodges in the Linyanti area of Namibia.

The Lodge is located on a seasonal island. Access is by boat transfer from Kasane (BOT) or seasonally from the Namibian side (February to July) and between August and December with a 4x4 vehicle.

The lodge offers the following activities: 1h30 AM Nature walk or Village visit / 2h30 PM Sundowner cruise / 2h30AM Boat Cruise / 3h Game drive in the Chobe NP.

Serondela Lodge is certified and rated 5/5 from Namibia Eco Awards.

**Wild Waters Lodges** is a sustainable tourism orientated umbrella company comprised of 3 award-winning Lodges & Camps (Serondela Lodge, Nkasa Lupala Tented Lodge & Jackalberry Tented Camp). By providing exceptional safari experiences we are able to partially fund the protection and preservation of pristine land and existing wildlife populations, not to mention help create economic independence within local communities surrounding the lodges and camps.

**DIRECTIONS:** Serondela Lodge can be accessed by boat via Kasane or from the Namibian side (by boat during the flood season and by car during the dry months). The transfer from Kasane is on its self a unique game viewing experience. Pick up time is between 14h00 and 15h00 at Kasane immigration jetty. From the Namibian side pickup point for the boat transfer is to be arranged according to the period of the year. The road access during the dry months requires a 4x4. Transfers from Katima or Ngoma border can be arranged.
